VACA PLAYS WINTERS

By Don Wilburn '44

Vaca A's Nosed out by One Point

The Vaca A's came home after playing a fast and hard fought game to lose by one point.

Both teams worked fast with first one scoring and then the other, making the game very close and exciting.

Winters Takes First Half

The Vaca A's were beaten in the first half by five points, caused probably by Winters' advantage in height and the fact that the Vaca boys hadn't as yet quite stepped into their usual stride.

Second Half Shows Improvement

In the second half the Vaca A's slid into their stride and started clicking. The Bulldogs held tight defense and the Winters A's had to work for their points, but again benefited by their superiority in height.

Many of Vaca's points were made by long shots which were hard to get into the basket.

The game was won by a foul shot played in the last eight seconds of the game, which caused Vaca its loss.

Vaca B's Win Second Straight

The B game was a rough and tumble game with considerable dirty work going on, much of which was called.

The game was at a high pitch at all times with both teams fumbling and throwing the ball away.

Vaca B's Win First Quarter

In the first quarter the Vaca B's went off to a fast start by making the first score. The boys introduced a slick set-up play that worked nicely three or four times for scores each time. Sundy Bera's eye was good that night and he plunked eight points in and about the foul circle which put him in the lead for high point honors for both teams. Vic Lorenzo was in there on a lot of set-ups but was a bit rusty. He is expected to make up for it in the coming Dixon-Vacaville game.

In the latter part of the first quarter, the second string came in and played until half time and added many points to the already increasing score of Vaca High.

Second Quarter is Rough and Tumble

In the second quarter both teams started committing fouls on their opponents as well as their teammates but it proved none the worse for Vacaville, for the half ended with the Bulldogs the holders of an eleven point lead.

Vaca B's Go to Town in Second Half

In the second half, the Vaca B's went to town by scoring twenty five points, holding Winters to 5.

The Vaca team had Winters all befuddled, causing them to throw the ball away and make other mistakes that would bring about their defeat. Although much of the second half was played by the second string, the Winters boys were still badly mixed up and finally lost by thirty one points, making the Vaca B's mighty proud of their second straight win.

Vaca C's Win First Out-of-Town Game

Last Thursday afternoon the Vaca C's went onto the Winters floor to claim their first out-of-town victory with a score of 30 -18 in Vaca's favor.

The first quarter was a hard-fought game with both teams fighting at all times to keep their opponents from scoring.

The Winters C's managed to edge the Vaca C's out with long shots potted from behind the quarter line.

The Winters boys were good at long shots and depended much upon this throughout the game, for the Vaca boys made it almost impossible to get the ball in close for set-ups.

Vaca C's wake up in Second Quarter

In the second quarter Al Damiano finally got his shooting up and started potting them from any place on the court, helping his team to get a lead on the Winters team and holding it throughout the game. Much help was rendered Al by his teammates who, seeing that he was hot, fired him the ball.

Vaca C's Show Superiority in Second Half

In the second half the Vaca C's kept their lead and came through with twelve more points to bring their total up to thirty points to Winters' eighteen.

High-point man for both teams was Al Damiano. He scored eighteen points all by himself. Sharp of Winters followed with six points, to take the honors for the Winters C team.

Kay Groft showed much improvement and will, no doubt, be seen in action with the C's.

A CHALLENGE TO VACA GIRLS

This week a Black List was issued by the office and every serious offender on the list was a girl. Four were given 400 minutes detention and all four were girls.

Fortunately, the offenders were roundly condemned by all of the leaders of the school, but there is a danger that outsiders will hear of such conduct and exaggerate it until all of the Vaca High girls are judged by the conduct of the few.

It is time that the offenders begin taking stock of themselves. They should realize that such escapades are not just pranks, but they are remembered long after the penalty is forgotten. Let there be a question about some future wrong doing, and the public will not find it hard to blame those who have once transgressed.

We may all make one mistake, but second missteps are not mistakes. Think twice the next time, girls. A "rep" is quite a price to pay for a day's good time. We still have Saturdays.

--Arthuer Leonard

THE WRONG DEGREE

A young theologian named Fiddle

Refused to accept his degree,

For, said he, it's enough to be Fiddle

Without being Fiddle, D. D.

Mrs. Nelson: Clare, parse the word "kiss."

Clare: This word is a noun, but it is usually used as a conjunction. It is never declined and is more common than proper. It is not very singular, in that it is generally used in the plural. It agrees with me.

CORNY CORNER

By Clare and Betty

Obviously!

Yvonne C.: Mr. Williams, will you give me an excuse for tardiness, please?

Mr. Williams: Why were you late?

Yvonne C.: Because school began before I got here, of course.

Bev B.: (tripping over Estelle's feet) Hey there, get your feet under your legs!

Joe C.: I got zero in Spanish today.

Jack P.: That's nothing.

Joe C.: What's nothing?

Jack P.: Zero.

Harvest it please!

Nancy: There goes the bell.

Barbara: Where's it going?

Fred B.: I like a girl who can take a joke.

James R.: That's the only chance you have of being accepted.

Anne C.: Why do they call this the Glee Club?

Mr. Record: Because it's funny how some people got in.

Burp! Burp!

Jickling: I've got a beastly cold in my head!

Patty H.: Never mind, dear. Even if it's a cold, it's something!

Reasonable, isn't it?

Mr. Butler: Why do you students all sit at the back of the room?

Class: Because we are all backward students.

Mr. Williams: (In charge of detention, had requested silence.

Suddenly up spoke the voice of a timid freshman.)

May I eat my lunch in the back of the room if I do it quietly?

Vaca Hi girl: Have you no heart? Don't you ever feel a longing for tenderness?

Typical Vaca Hi boy: Uh-huh, when I order a steak.

Beverly D.: Give me a needle quick!

Miss Piner: Why?

Beverly: I want to sew some wild oats.

ROBERT YOUNG is always talking about going to Benicia. We wonder what he finds to do there. . . . Laugh of the week--JACK WEYAND walking to school. Has he used up his gas quota already? . . . BARBARA ALLEN and FRANK PRITCHETT have suddenly become very musical. They now have to observe the works of the piano from the back. . . . Casualty of the year--Beverly Duren's and DICK BAXTER'S temporary split-up. If I were you, Beverly, I'd do something about this. . . . ROBERT YOUNG seems to be setting a new pace with that new Hollywood hair style. . . . Now that FRED BOWLES is back, we're wondering who'll be the lucky girl upon whom his attentions will be diverted. It will probably be C. M., K. G., or B. P. . . . It really looks as though JACK SHOOK is living up to his nickname, "Wolf." But good!. . . . BETTY P. and MICKEY are still going together. It's too bad Mickey had to leave for the Coast Guard. Anyway, Betty has letters to look forward to now. . . . By the way, what ever became of BEVERLY BARTELL'S engagement? It was widely publicized last year. Is something amiss? What's this we've been hearing about V. P. '46 and M. T. '44 leaving our pleasant little town? As one girl to another, we don't think your escapade was very funny. . . . ANITA LORENZO has been quite blue lately due to the fact that VERNE (Winters) will go into the army soon. . . . Contributed--Greta, in her column in the last edition of the Hilltop Rumble, was condemning all of the school's flirts

and wolves, but in her hurry to do so, she left out the worst, herself. . . . VERNE B. is keeping everyone guessing. I wonder whom he is really sweet on? ? BETTY P, CLARE M., LOUISE H., and NANCY C. should get to bed earlier at night because one day last week they "forgot" to come to school and went to Betty's to go to bed. Their stolen sleep cost them 400 minutes apiece. . . . Since ERNEST OLIVER has been in the hospital, CLIFFORD WILLIAMS has been seeing a lot of BETTY LOU. What about that, Betty Lou? "Wolf" SHOOK was seen at Webb's Saturday night wearing lipstick! ! Are boys wearing lipstick this season, Jack? From all appearances VERNON definitely goes for YVONNE. We're wondering how she feels about him? A real surprise is the BARON-PAPIN duo. You haven't forgotten JOHNNIE, have you, FRANCES? GRETA still seems to go for WALTER E. '42 despite all appearances to the contrary. How about that, Greta? Didn't you break a date with R. E. (Armijo) to go out with Walter? Say, JAMES, does JACQUE know how much you're seen with ROSIE lately? I don't think she'll like it very much. . . . LOUISE HILDEN and BOB ERICKSON (Armijo) seem to be together more than just a little lately. Will this leave Jim out completely, Louise? G. N. AND N. L. seem to be on fighting terms over something she is supposed to have written in the last Hilltop Rumble. Can't you take a little teasing, N. L? G. N. want to know why CARMEN G. criticizes her because she talks to the boys most of the time. Is Carmen afraid she might lose some of her popularity? Folks, did you hear that BO WILLIAMS is going steady with a cute little blonde sophomore, PAT H? Date wanted: I am about five feet, eight inches tall, blonde, rather stout, and my pal is John Sparks. I have a

beautiful Packard car. I am very lonely and would like a date for the East-West game on New Year's Day. Anyone who would consider this offer, (I'm not particular, blonde, red-head, or brunette) just let me know, and I will be delighted to take you.

One of our outstanding junior athletes, BO WILLIAMS, deserves a pat on the back for being a good sport at dances. Bo doesn't know how to dance. As a matter of fact, he has only danced three times, but he gets out on the floor and tries! Why aren't a few more boys like that? The girls are willing! The best way to learn to dance is to get out on the floor and strike out the rhythm.

A group of our high school girls, L. H., N. C., B. P., and C. M. are having too much difficulty with "Office Communications." I wonder why? The poor girls are almost near a nervous breakdown. Heads of the Office, have you no pity?

VICTORY

The Rising Sun will rise no more,
As soon the Yanks will end this war.
We'll come with planes and tanks and guns,
And end the Nippons and the Huns.

No bombs on peaceful towns will rain,
Nor soldiers for their camps entrain.
The rationed days will then be out,
With Japs and Germans put to rout.

So hurry up and buy a bond,
And sink the Axis in the pond.
The sky will then be clear and blue;
The world rejoined by love anew.
